15 May 2024

Dear member,

In light of the recent news of the NHI bill being signed into law by the President, we want to appeal to you to not panic. Your medical scheme membership remains unaffected, and you can continue to enjoy your benefits and services as you have been, and we are dedicated to maintaining your access to health services as usual.

As Umvuzo Health, and a member of the Board of Healthcare Funders (BHF), we stand by the medical aid industry association's legal action to ensure the interests of our members come first and are preserved.

Although the NHI bill may be signed into law, its implementation is still far and, in the meantime, and for a long time to come, things will continue as usual.

Kind regards,

UMVUZO HEALTH
