**ACTIVATOR**  
BENEFIT GUIDE

**UMVUZO**  
HEALTH  
REWARDING LIFE

# ABOUT THE ACTIVATOR OPTION

**THE ACTIVATOR OPTION** is our **improved and reimagined, great value-for-money option** that offers members rich day-to-day benefits for their primary healthcare needs.

In addition to offering traditional healthcare cover to members, this **dynamic and innovative benefit option** is our first option that boasts the **“HEALTHY ME”** programme that is aimed at **keeping members healthy** and well, preventing the risk of poor health, chronic illness and disease.

# UMVUZO HEALTH DIGITAL PLATFORM

All Umvuzo Health members, regardless of benefit option, have access to our digital platform, where many of their healthcare needs can be met.

The availability of digital platforms and new healthcare technologies makes healthcare more accessible and provides an opportunity for us to offer our members several options to access primary healthcare services, specifically medical consultations and treatment for minor acute and management of chronic disease conditions. This is a significant step towards making healthcare even more accessible, especially for those who live long distances from the nearest healthcare provider, such as in rural and remote areas.

## USING THE PLATFORM

Here are the options you have on the Umvuzo Digital Platform:

### THE ONLINE SYMPTOM CHECKER

Imagine you had a tool that you could use when you are not feeling well. This tool would ask you questions about how you are feeling. For example, if you have a fever, a cough or any other symptom. It would be like having a conversation with an online friend. Based on the outcomes of the online symptom checker, you would be advised of the most appropriate level of care you need, ranging from a nurse to a doctor. This is what the Umvuzo Health Online Symptom Checker will assist you with.

### DIRECT VIRTUAL CONSULTATION

This is an option you have on the Umvuzo Digital Platform to choose to consult directly with a healthcare expert. Selecting this option connects you with an available qualified healthcare provider who can assist you with your needs. As your safety remains a top priority, the online consulting healthcare provider may request more clinical information through a physical examination to ensure a good clinical outcome. Because virtual consultation has limitations and is not always suitable for all health conditions, you will be advised on the Umvuzo Digital Platform when you should consult face-to-face with your own healthcare provider.

### ACCESS FROM ANYWHERE

The Umvuzo Digital Platform makes it possible for you and your registered beneficiaries to access healthcare services from the comfort of your homes, work or wherever else you may be, saving you time and money. Our on-site consultants and specialised contact centre offer support for any member who has difficulty accessing the virtual platform or prefers to be walked through the entire process.

# HEALTHY ME PROGRAMME

The **HEALTHY ME PROGRAMME** offers our members **personalised support, guidance and information** to access their unique preventive care pathway through use of health technologies.

TO UNLOCK THE PROGRAMME BENEFITS, MEMBERS ON THIS OPTION WILL:

- 1** Do a **genetic test** which identifies **health and lifestyle risks**.
- 2** Upon completion of the genetic test, the member will **receive a wearable health device**.
- 3** With the test results, members will receive **personalised health advice tailored to their genetics**.

## ABOUT THE WEARABLE HEALTH DEVICE

- » The device is used for **health monitoring** and real-time data transfers to **empower** members, doctors and programme care coordinators.
- » Through the **intelligence gathered**, members will receive **appropriate additional benefits** aligned to their individual needs.
- » The device allows for monitoring of multiple vital signs such as **blood pressure, oxygen levels, heart rate variability and stress levels**.
- » **24/7 heart rate and temperature monitoring** with real-time updates and alerts to any abnormalities before they become serious or life-threatening.
- » It offers **painless and non-invasive** monitoring, that is safe and convenient.
- » It is highly **accurate and reliable**.

Whether members are managing chronic health conditions or looking to enhance their fitness journey, this wearable health device that comes with the **HEALTHY ME PROGRAMME**, offers a seamless experience that puts their health in their hands.

**Please note:** This is not a gap cover and excludes primary care benefits and any other services.

# DISEASE MANAGEMENT

## ACTIVE DISEASE MANAGEMENT PROGRAMMES

- » Our Disease Management Programmes are structured treatment plans that aim to help our members diagnosed with chronic conditions better manage their disease, and maintain and improve quality of life.
- » The main aim of our programmes is to reduce the symptoms associated with a chronic disease and keep them from getting worse. Through these programmes we also aim to improve cooperation between the various specialists and institutions that provide care for our members, such as family and specialist doctors, hospitals and rehabilitation centers. This is meant to ensure that the individual treatment steps are well coordinated.

### We cover treatment and medication for the following 27 CDL PMB conditions:

- » Chronic Renal Disease
- » Addison's Disease
- » Asthma
- » Bronchiectasis
- » Cardiac Failure
- » Cardiomyopathy
