

# **ABOUT THE SUPREME OPTION**

**THE SUPREME OPTION** is our best-selling, traditional, fee-for-service option. Members have extensive freedom to choose any provider of choice for their everyday needs. For all these day-to-day needs, ranging from primary healthcare providers and specialist services, members are allocated a generous family benefit amount, out of which these services are reimbursed.

Additionally members enjoy a range of additional benefits such as supplementary and tertiary benefits for full healthcare coverage.

The allocated family benefits do go a long way as members have unlimited access to Umvuzo Digital Platform and restricted acute medication.

# **UMVUZO HEALTH DIGITAL PLATFORM**

All Umvuzo Health members, regardless of benefit option, have access to our digital platform, where many of their healthcare needs can be met.

The availability of digital platforms and new healthcare technologies makes healthcare more accessible and provides an opportunity for us to offer our members several options to access primary healthcare services, specifically medical consultations and treatment for minor acute and management of chronic disease conditions.

This is a significant step towards making healthcare even more accessible, especially for those who live long distances from the nearest healthcare provider, such as in rural and remote areas.

## Download the Umvuzo Digital App today!

### USING THE PLATFORM

Here are the options you have on the Umvuzo Digital Platform:

### THE ONLINE SYMPTOM CHECKER

Imagine you had a tool that you could use when you are not feeling well. This tool would ask you questions about how you are feeling. For example, if you have a fever, a cough or any other symptom. It would be like having a conversation with an online friend. Based on the outcomes of the online symptom checker, you would be advised of the most appropriate level of care you need, ranging from a nurse to a doctor. This is what the Umvuzo Health Online Symptom Checker will assist you with.

## DIRECT VIRTUAL CONSULTATION

This is an option you have on the Umvuzo Digital Platform to choose to consult directly with a healthcare expert. Selecting this option connects you with an available qualified healthcare provider who can assist you with your needs.

As your safety remains a top priority, the online consulting healthcare provider may request more clinical information through a physical examination to ensure a good clinical outcome. Because virtual consultation has limitations and is not always suitable for all health conditions, you will be advised on the Umvuzo Digital Platform when you should consult face-to-face with your own healthcare provider.

# ACCESS FROM ANYWHERE

The Umvuzo Digital Platform makes it possible for you and your registered beneficiaries to access healthcare services from the comfort of your homes, work or wherever else you may be, saving you time and money.

Our on-site consultants and specialised contact centre offer support for any member who has difficulty accessing the virtual platform or prefers to be walked through the entire process.

\*Subject to Registrar of Medical Schemes approval

# PRIMARY BENEFITS

NO PRE-AUTHORISATION REQUIRED • SCHEME RATES APPLY

MALE HEALTH

Circumcision

Vasectomy

Ē

cancer) once per year

# HOSPITAL BENEFITS

PRE-AUTHORISATION REQUIRED • SCHEME RATES APPLY • ACCESS TO ALL HOSPITAL GROUPS

## KINDLY NOTE

per year

- Penalties may apply if authorisation is obtained after treatment.

# ANDISA UMVUZO BENEFIT

# The Yandisa Benefit is a:

- A pre-authorised benefit extender for specific items (not services).
- That can extend cover for certain items under exceptional circumstances.
- Factors taken into account in the granting of this benefit will include but are not limited to clinical, functional and financial factors and intended purpose.
- The benefit has to be applied for by completing the prescribed form and submitting relevant substantiated documentation to be reviewed by the Clinical committee

  - and then authorised, if approved. The benefit is limited to **R50 000** per family per year.

Please note: This is not a gap cover and excludes primary care benefits and any other services.

# **DISEASE MANAGEMENT**

# ACTIVE DISEASE MANAGEMENT PROGRAMME

- Our Disease Management Programme are structured treatment plans that aim to help our members diagnosed with chronic conditions better manage their disease. and maintain and improve quality of life.
- The main aim of our programmes is to reduce the symptoms associated with a chronic disease and keep them from getting worse. Through these programmes we also aim to improve cooperation between the various specialists and institutions that provide care for our members, such as family and specialist doctors, hospitals and rehabilitation centers. This is meant to ensure that the individual treatment steps are well coordinated.

## We cover treatment and medication for the following

- 27 CDL PMB conditions:
- Chronic Renal Disease
- Addison's Disease
- Asthma
- Bronchiectasis
- Cardiac Failure
- Cardiomyopathy
- Chronic Obstructive Pulmonary Disorder
- Coronary Artery Disease
- Crohn's Disease
- Diabetes Insipidus

- Diabetes Mellitus Types 1 & 2
- Dysrhythmias
- Epilepsy
- Bipolar Mood Disorder
- Hypothyroidism
- Hypertension
- HIV
- Glaucoma
- Haemophilia
- Ulcerative Colitis
- Systemic lupus Erythematosus

- Schizophrenia
- Rheumatoid Arthritis
- Parkinson's Disease
- Hyperlipidaemia
- Multiple Sclerosis

We encourage all our members living with a chronic condition to register on the relevant Disease Management Programme to benefit from this coordinated care, personalised attention and ongoing support.
