BENEFIT GUIDE

UMVUZO
HEALTH
REWARDING LIFE

ABOUT THE ULTRA AFFORDABLE OPTION

THE ULTRA AFFORDABLE OPTION is our entry benefit option specifically designed for young people or those entering the medical aid market for the first time. It offers a good balance of essential healthcare services at an affordable price, making it an excellent choice for lower income earners.

At the primary level, members have access to healthcare services through a combination of virtual and face-to-face consultations with primary healthcare providers. For further medical interventions that

may be required, the primary healthcare provider (GP) will refer the member to the appropriate specialisation.

These primary benefits are further topped by secondary and tertiary benefits for full healthcare coverage.

UMVUZO HEALTH DIGITAL PLATFORM

All Umvuzo Health members, regardless of benefit option, have access to our digital platform, where many of their healthcare needs can be met.

The availability of digital platforms and new healthcare technologies makes healthcare more accessible and provides an opportunity for us to offer our members several options to access primary healthcare services, specifically medical consultations and treatment for minor acute and management of chronic disease conditions.

This is a significant step towards making healthcare even more accessible, especially for those who live long distances from the nearest healthcare provider, such as in rural and remote areas.

USING THE PLATFORM

Here are the options you have on the Umvuzo Digital Platform:

THE ONLINE SYMPTOM CHECKER

Imagine you had a tool that you could use when you are not feeling well. This tool would ask you questions about how you are feeling. For example, if you have a fever, a cough or any other symptom. It would be like having a conversation with an online friend. Based on the outcomes of the online symptom checker, you would be advised of the most appropriate level of care you need, ranging from a nurse to a doctor. This is what the Umvuzo Health Online Symptom Checker will assist you with.

DIRECT VIRTUAL CONSULTATION

This is an option you have on the Umvuzo Digital Platform to choose to consult directly with a healthcare expert. Selecting this option connects you with an available qualified healthcare provider who can assist you with your needs.

As your safety remains a top priority, the online consulting healthcare provider may request more clinical information through a physical examination to ensure a good clinical outcome. Because virtual consultation has limitations and is not always suitable for all health conditions, you will be advised on the Umvuzo Digital Platform when you should consult face-to-face with your own healthcare provider.

ACCESS FROM ANYWHERE

The Umvuzo Digital Platform makes it possible for you and your registered beneficiaries to access healthcare services from the comfort of your homes, work or wherever else you may be, saving you time and money.

Our on-site consultants and specialised contact centre offer support for any member who has difficulty accessing the virtual platform or prefers to be walked through the entire process.

DISEASE MANAGEMENT

ACTIVE DISEASE MANAGEMENT PROGRAMME

- » Our Disease Management Programme are structured treatment plans that aim to help our members diagnosed with chronic conditions better manage their disease, and maintain and improve quality of life.
- » The main aim of our programmes is to reduce the symptoms associated with a chronic disease and keep them from getting worse. Through these programmes we also aim to improve cooperation between the various specialists and institutions that provide care for our members, such as family and specialist doctors, hospitals and rehabilitation centres. This is meant to ensure that the individual treatment steps are well coordinated.

We cover treatment and medication for the following 27 CDL PMB conditions:

- » Chronic Renal Disease
- » Addison's Disease
- » Asthma
- » Bronchiectasis
- » Cardiac Failure
- » Cardiomyopathy
- » Chronic Obstructive Pulmonary Disorder
- » Coronary Artery Disease
- » Crohn's Disease
- » Diabetes Insipidus
- » Diabetes Mellitus Types 1 & 2
- » Dysrhythmias
- » Epilepsy
- » Bipolar Mood Disorder
- » Hypothyroidism
- » Hypertension
- » HIV
- » Glaucoma
- » Haemophilia
- » Ulcerative Colitis
- » Systemic lupus Erythematosus
- » Schizophrenia

- » Rheumatoid Arthritis
- » Parkinson's Disease
- » Hyperlipidaemia
- » Multiple Sclerosis

We encourage all our members living with a chronic condition to register on the relevant Disease Management Programme to benefit from this coordinated care, personalised attention and ongoing support.
